

Ready to get connected?

Call your local SANYO dealer today for complete details on networking and WIDE (16:9) LCD projectors and modules.

SANYO

Connecting

with

SANYO

SANYO offers advanced tools for administering one or a series of projectors over a network. The world of networking projectors is dramatically broadened with the **SANYO** optional PJ-Net Organizer, PJ-Net Organizer Plus® or PJ-Net Master Software.

Wide XGA performance from **SANYO** is enhanced by **SANYO's** Color Management System or Real Color Manager.
